There will be railroad items displayed Large and Small !!!

Models of live steam locomotives.

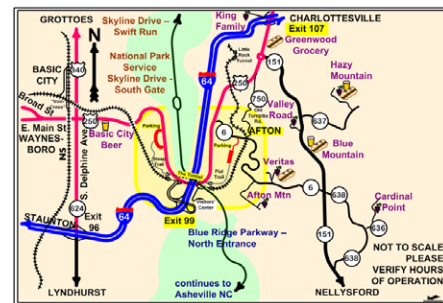

In keeping with the museum's mission of promoting an interest in railroading and model railroading, we are selecting a hand full of 'portable' exhibits which can be easily demonstrated and explained.

They include

- A full size handcar with opportunities to pose family for photographs
- Models of live steam locomotives demonstrated under steam power
- Railroad lanterns illuminated authentically with lamp oil
- Authentic switch locks, tools, and other items that you can touch

Directions to the East Parking lot of the Blue Ridge Tunnel in Afton Va.

Afton Va. is easily reached by Interstate 81 which runs north and south and by Interstate 64 which runs east and west. The Blue Ridge Tunnel straddles the mountain range between Waynesboro and Afton Va. The tunnel is located nearly 350 feet beneath Exit 99 on Interstate 64 and access is accommodated from east and west by taking Interstate 64 exits (99 or 107) for U.S. Route 250 to reach Afton Va.
